

Elective Proposal: ECU Outpatient Clinic Senior

Resident:

Dates:

Location: ECU Psychiatry Outpatient Clinic

Faculty Supervisor(s): Dr. Thomas Clay

Goals and Objectives:

- Show an adequate level of knowledge in peer review
- Show familiarity with clinic billing, triage and scheduling concerns
- Show an understanding of the value of using outcome measures in clinical practice

Skills:

- Manage unexpected clinic issues including walk-in patients, coverage for resident sick leave, vacation and off-site duties
- See continuity patients in currently scheduled slots
- Triage prescription requests for non-LME patients
- Assist in outpatient psychiatric medical student education
- Collaborate with colleagues to best serve patients in a timely manner
- Distribute medication samples to assigned patients

Proposed schedule:

- Mondays, Tuesdays, Wednesdays and Fridays - 8 am to 5 pm
- Thursdays: 8:30-9:30 individual supervision; 9:30-10:30 outpatient case conference; 11am-12pm grand rounds/board review; 12pm-1pm resident meeting/lunch; 1pm-5pm didactics

Reading List:

- Comprehensive Psychiatry Review (William Wang 2010)
- Kaplan and Sadock's Synopsis of Psychiatry – (review)
- A Guide to Treatments that Work_(review)

Assessment Method:

- Evaluation by Dr. Clay upon completion of the rotation
